

## Virtual Sales Training

We hope that you and all your families and coworkers are healthy and safe. We know that our country and businesses are all trying to weather this storm. We at **ProDiesel** understand that traveling to see you to help with sales training is not possible right now.

For that reason, we have launched a webinar training program for you and your organization to keep your team up to date on the latest information.

This **ProDiesel Injector Tip** is an invitation for your team to have a personal sales training webinar. Let me know and I will get it scheduled at your convenience.
